About Us

The event will benefit Gulf Coast Trades Center; a residential campus that houses at-risk youth between the ages of 15-18. The residents are sent to this spacious 57 acre facility located in the middle of the Sam Houston National Forest in New Waverly, Texas as an alternative to juvenile detention or through Child Protective Services for a stay of approximately 6-9 months. During their stay at GCTC the residents are given the opportunity to earn their high school diploma or equivalent at their own pace. In addition, the residents earn a trade certificate that allows them to gain real-time experience in trades such as culinary arts and auto mechanics. As a result, our residents leave our program able to lead productive and rewarding lives.
